## WEB AND SOFTWARE DEVELOPER

### Education

2016-Today • Bachelor Degree in Computer / Programming (2<sup>nd</sup> year)  
• UHA 4.0 (68100 Mulhouse, France) • « Project-mode » school

2013-2016 • Scientific High School Certificate (IT / Programming Option)  
• Blaise Pascal High School (68000 Colmar, France)

### Skills

#### Programming languages / Technologies

C#, Java, JavaScript/TypeScript, C++, HTML/CSS, PHP, Rust.  
.Net Core, ASP.Net, Entity Framework, Azure.

#### Softwares and operating systems

Jetbrains based IDE (IntelliJ, Rider), Visual Studio, Git, Jira.  
Linux and Windows.

### Projects

#### • **Platypus: Grammar-customizable programming language (Personal project)**

Create an interpreter (C#) and a code editor (Java with JavaFX)  
Link: [platypus.vfrz.fr](http://platypus.vfrz.fr)

#### • **Website created for the start-up Teewii ([teewii.fr](http://teewii.fr))\***

Create different pages (HTML/CSS, Twig)

#### • **Development of a library to create DOT diagram with C# code**

Project initially realized for my « Platypus » project to draw syntax trees (C#)

(\* Project in my studies context at UHA 4.0)

### Professional experiences

#### **November 2012 • Rouffach Media Library • Internship**

• This was my first work experience; I have discovered the basics of librarian's work.

#### **Feb – Jul 2017 • Tack Tack • Web Development internship**

• Tack Tack is a one-person Web Agency located at Mulhouse (France) in a business collocation. I participated in the creation and improvement of several websites (Showcase, blog, e-commerce, event) using Concrete5, WordPress, HTML/CSS, PHP and Slack.
